---

**OUR COMPREHENSIVE SERVICES**

- Large and easily accessible private rooms and baths.
- Individualized treatment plans for the following diagnoses:
  - Neurological
  - Orthopaedic
  - Cardio Pulmonary
  - Multiple Trauma
  - Swallowing Disorders
  - Other Disorders

It is our goal to help our patients return to their life, their family and the community as soon as possible. We have a team of specialists that focus on each individual’s possibilities and not their limitations. A personalized therapy program is developed with you for safe and independent living. Our Activities of Daily Living (ADL) rooms are designed to represent a home environment. Our team helps you work to regain safe independence to enjoy the simple and complex activities of home.

Being internationally recognized and awarded by the Commission on Accreditation of Rehabilitation Facilities (CARF), the public is assured that we are committed to continually improving the quality of our services and that our focus is on service outcomes and customer satisfaction.

---

**OUR SUCCESS**

- Achieved 3-year CARF Accreditation.
- The average stay is 11.7 days.
- Successful stroke recoveries.
- Significant improvement in functional independence.
- Low readmission rate.
- 87.8% of patients return home instead of nursing homes.

* Data based on Uniform Data System for Medical Rehabilitation facilities throughout the United States and Milestone Healthcare.

---

"The staff was always kind and supportive. The Rehabilitation Center of Alamogordo included my husband in my care plan and tailored everything to my pace." - Cecile Walzer

"Having this kind of care in our rural area helped me and my family tremendously. My wife was able to visit daily and be involved in my care and recovery. Given the choice to go somewhere else I would still choose GCRMC & the Rehabilitation Center of Alamogordo." - Donald Michael
