## GCRMC Commemorative Baby Wall

*There are few things in life more special than the arrival of a new baby.*

GCRMC would like to thank you for choosing our hospital for this special event. We are pleased to offer the opportunity to commemorate the birth of your special family member with a special place on our baby footprint wall "Baby Steps...Future Champions."

For a donation of **\$50**, we will place a baby footprint with the name and date of birth of your special delivery on our baby steps wall. You will also receive your child's name and date of birth embossed on a glass ornament as a keepsake for your donation.

Anyone born at the original Gerald Champion Memorial Hospital or the current location can be included on the baby steps wall. The baby wall is an original sand dune design that represents our local area. It was designed by Gavin Pierce and purchased by the GCRMC Auxiliary. The wall is located in the main corridor for easy viewing by families and friends.

**Additional ornaments can be purchased for \$15.**

Donations are tax deductible and proceeds will benefit the GCRMC foundation for improving healthcare in our community.

**For more information or to place an order, contact:**
